The simple fact is, Simple Green is as strong as it is safe. Which makes it one of the most cost effective ways to remove oil, lubricants, grease and grime from practically any washable surface.

- Contains a blend of synthetic, high grade penetrants activated by water.
- Customise dilution for specialised cleaning.
- Can be used in a broad range of applications including dip tanks and parts washers.
- Mild pH of 9.3-9.5.
- Contains no petroleum distillates.
- Exempt from OHSA and EPA special handling and personal protection requirements for hazardous materials.
- Made in NZ from local & imported ingredients.

HAND VICES

FROM
\$13.⁸⁵ INC GST

\$11.⁹⁰

Manufactured from high grade cast iron, these vices are best suited for working on small jobs. The vice can either be gripped in one hand or held between the jaws of a larger vice thus allowing better access to the work piece. The jaws are tightened by means of a large wing nut. Vice body has an attractive enamelled finish, the main screw is plated which prevents corrosion.
